## The Foundation of Your Onboard Cyber Security Culture

We're on a mission to create the most yachting-specific cyber security training. Designed to be high-impact at a low cost. Always relevant and up to date. Why? Because when training is quick, crew-specific, and easy to action, it actually gets done. With crew engaged and completing the training, it helps you reduce risk, build a stronger safety and security culture, and stay audit-ready without extra work.

### Why Your Cyber Training Falls Short

- ✗ Most training is built for corporate staff, not crew
- ✗ Annual/infrequent sessions are forgotten in weeks
- ✗ Platforms require setup, admin and cost more
- ✗ Audits now expect evidence of continuous effort
- ✗ Other training material is static and updated infrequently

### How It Works

- 1. We send you a new training quiz each month**  
Focused on real risks, under 5 minutes to complete.
- 2. You share it with your crew**  
Via email or WhatsApp. No logins or tracking required.
- 3. Crew complete the quiz anonymously**  
Immediate feedback on answers to increase learning.
- 4. You receive insights and lessons learned**  
Use them to prompt conversations onboard.
- 5. Repeat monthly, cancel anytime**  
All of the training content is created every month to stay fresh and reflect emerging threats.

### How It Will Improve With Us

- ✓ Yachting-specific content and context
- ✓ Delivering short monthly refreshers via any device
- ✓ Easy to share link with no setup
- ✓ Focusing on real threats to yachts and their crew
- ✓ Dynamic content that uses news events and the most recent lessons learned to train crew

### FAQs

#### Is this IMO compliant?

Yes. It aligns with IMO and BIMCO guidance.

#### Do I need to install anything?

No. It's 100% link-based. Share via WhatsApp or email.

#### Can I see crew responses?

No because it's anonymous. However, you will be sent monthly insights from the global yacht crew metrics across different yachts and management companies to increase awareness.
